## Shelf Status in reQuest

The screenshot shows a web browser window displaying the reQuest website. The main page shows book details for 'The Da Vinci Code' by Dan Brown. A 'SHELF STATUS' pop-up window is open, showing the book's title, author, date, and publisher. Below this, a table lists the shelf status for five copies at Prospect Public Library, all of which are 'CHECKED OUT'. A callout box with a red border points to a red check box next to the library name 'Prospect Public Library' in the 'Locations Information' table on the main page.

**Just click the red check box to the right of the library name.**
