

## Direct Vendor Links to iCONN Databases

These database vendor URLs bypass the iCONN federated search portal and authentication.

**For these URLs to work properly: you must register your library's IP range(s) with each vendor's technical support department.**

Vendor contact info can be found at: <http://www.iconn.org/staff/DatabasesContacts.aspx>

**For non-IP authenticated access:** *Contact each vendor's technical support about set-up options.*

-- EBSCO and Gale URLs allow library barcodes.

-- ProQuest can accommodate library barcodes, but libraries must contact ProQuest tech support to set up.

### **GALE (IP, proxy and barcode authentication)**

**Note re: Gale URLs -** To correctly format the Gale URLs, replace "LOCATIONIDHERE" with your library's Gale Location ID.

If you don't know your Gale Location ID, contact Gale Technical Support (open 24/7) at 800-877-4253 option 1.
